### Back to Basic accommodation at "Lilla Lule Älv"

For those who really want to experience another way of living  
Do you dare to "STEP OUT OF YOUR COMFORTZONE"

Do you love nature, fishing and meeting as less people as possible? Do you need inspiration to write a book maybe? Then here is an opportunity you do not want to miss out on.

About 7 km west from Jokkmokk, 2 cabins at Lilla Lule Älven are waiting for those who want to experience another type of vacation. Maybe even a longer stay to completely relax and get away from the luxury you are used to. No WIFI, but only mobile internet available.

Both cabins have electricity but no water, no toilet, no shower. The cabins share a dry toilet, called "utedass" (outside toilet) and sauna. In the sauna you have the possibility to use warm water, which is heated through the heating stove. Or you can take a dip in the river.

Cabin "Älgen", the smallest cabin, is for 2 persons. The kitchen is equipped for self-householding. It has a pantry, fridge with small freezer compartment and it has a double electrical cooking plate. Pots and pans, glasses, plates and forks, knives, spoons are also available. The water can is patiently waiting for you to fill it up in the river. (Best by boat to take water a little deeper). There is a woodburning stove to warm the cabin. Some small electrical heaters are also available. There is a bunkbed with foam rubber mattress.

But be sure, after a being outside the whole day you will sleep like a baby.

Cabin "Björnen" is for 4 persons. This cabin is also equipped for self-house holding. In a separate room, you will find a bed 120x200 (small double bed) and there are 2 camping beds with foam rubber mattresses in the sitting room.
