

## Just above the Arctic Circle lays Jokkmokk.

A beautiful destination in Swedish Lapland to spend your vacation. The forest covered in snow, the glassy lakes, the Midnight Sun during summer and the Northern Lights during winter are just a few of wonderful opportunities to enjoy during your vacation.

### 8 Seasons of Jokkmokk

An evening-show, perfect for groups

At hotel Jokkmokk (or another location if you wish) you will get to meet Eva, a food creator or maybe better forager in Jokkmokk.

The word "a" food creator is not really at it's place. In her own way she is *the* food creator from Jokkmokk. Eva is, like many other people, living in Jokkmokk.

This activity is an after-dinner show, or if you like a starter before dinner, presented in a poetic, informative and passionate way by culture guide and food connoisseur Eva Gunnare. Experience the Lapland nature and culture through songs, pictures, stories and flavoursome taste bites.

You will get to learn more about the 8 seasons – what they look like, how they taste, what the locals do. With the herbs and berries picked and cooked by Eva herself you will also learn more about the tastes and health benefits from the wild nature.

Depending on your wishes and where this "experience" is held we might have to charge an extra amount for renting a suitable location. But off course we will give you prices in advance.

Also if you are more than 10 persons, we will let you know our offer especially to you.
