

Just above the Arctic Circle lays Jokkmokk.

A beautiful destination in Swedish Lapland to spend your vacation. The forest covered in snow, the glassy lakes, the Midnight Sun during summer and the Northern Lights during winter are just a few of wonderful opportunities to enjoy during your vacation.

Feeding reindeer

Program;

Just outside Jokkmokk Centre you can meet and feed a reindeer herd. You can choose to take a walk if your accommodation is in the Centre of Jokkmokk. It is about 4 km to get there. Please remind to wear reflection vests, which is an obligation during winter if you walk on the road.

While you will feed the reindeer with fresh picked reindeer moss, your host will tell you something about them. One of the reindeer is a beautiful white one. You have plenty of time to feed and make pictures of the reindeer.

If you like you can try to throw the lasso as well.
