

Jokkmokk Arctic Dream

Just above the Arctic Circle lays Jokkmokk.

A beautiful destination in Swedish Lapland to spend your vacation. The forest covered in snow, the glassy lakes, the Midnight Sun during summer and the Northern Lights during winter are just a few of wonderful opportunities to enjoy during your vacation.

Guided fishing experience in mountain area

In the middle of Swedish Lapland in Jokkmokk's community there are lots of opportunities to go fishing. Let us take you to the mountain area, roadless land. Here you still find primary forest and very good fishing options.

The guide owns a mountain cabin which is split up in 2 components. The guests have a comfortable stay in the cosy cabin, where they find a kitchen fully equipped with refrigerator, kitchen stove on gas, woodstove, water. The cabin has 2 bedrooms. 1 bedroom has a bunkbed. The upper bed is single person, the bed under is 120 x 200.

Room 2 has a double bed and in the living room you find 2 sleeping couches. If a guest would like a little bit more privacy, there is an optional room outside the cabin. Blankets, pillows and bedlinen are available. Sauna and bio toilet outside just around the corner and sun panel for power supply. The guide has a separate private room, so the guests have all the privacy they wish for.

By car we first drive the beautiful road towards Kvikkjokk. Officially, to get to the cabin, we must cross Lake Saggat by boat. After that we must hike, 12 km and then we reach the cabin. Instead of hiking, transfer by helicopter is also possible which is not included in this option. At request we can organise that for you.

The guests are renting the cabin based on logi and self household only. The guests are responsible to bring and cook their own food as well as bringing their own fishing equipment. On departure day the guests themselves are responsible for the final cleaning.
