

Just above the Arctic Circle lays Jokkmokk.

A beautiful destination in Swedish Lapland to spend your vacation. The forest covered in snow, the glassy lakes, the Midnight Sun during summer and the Northern Lights during winter are just a few of wonderful opportunities to enjoy during your vacation.

Jokkmokk flavour tour

Learn and taste Lapland's nature & culture with food and culture connoisseur Eva Gunnare

Program;

Your guide will meet you at the Ájtte Museum where the tour starts as well.

The tour starts with a small hike (about 1 km) through the pine forest where the oldest part of Jokkmokk lies. We will talk about the history of the areas as we taste the flavour of the trees and forest plants.

Then we will pass the Alpine Garden and into the area where many Sami reindeer herders live – Lappstan, also called Gielas. This is also the home of Eva and we will end up in her kitchen where we taste more from the treasures that wild nature provides.

Get to know more about the life in the north with the enthusiastic and happy guide. The perfect tour for curious visitors that enjoy culture and nature and want to learn more about the area in a small group.
