### Midnight Sun Fishing - 24 Hour fishing

A very special offer for those who love fishing!

Location; between Luleå and Jokkmokk, at your request

If you come to Swedish Lapland for fishing, then this activity is perfect for you. Why not enjoy the 24-hour daylight around the Arctic Circle?

Your guide will pick you up at your accommodation and together you will drive to a starting point between Luleå and Jokkmokk. Depending on the weather and temperature conditions, the guide will take you to the best suitable spot to fish. Perch, grayling, trout, pike, whitefish, everything is possible.

Fishing will take place in a lake or in slightly streaming water. If the water temperatures are too high, the possibility exists that you must change to another fishing location.

Lunch and dinner, coffee break and breakfast will be prepared during the day in the beautiful nature of your whereabouts. Since it is not possible to keep our food cool which we need for the day, the food will exist of dry food (to be cooked on spot) and the fish you caught during the day.
