

## Just above the Arctic Circle lays Jokkmokk.

A beautiful destination in Swedish Lapland to spend your vacation. The forest covered in snow, the glassy lakes, the Midnight Sun during summer and the Northern Lights during winter are just a few of wonderful opportunities to enjoy during your vacation.

### Genuine Sámi Culture Experience - Borrat

Visit the winter residence, meet and feed reindeer

Closeby Jokkmokk you will meet with a young Sámi woman, Anna. She and her family still live the traditional native lifestyle, based on reindeer herding.

Enjoy a couple of hours spent gathered around the fire, where you can listen to a 'joik', the traditional Sámi way to musically tell a story and to remember the old ways.

Until recent years, the Sámi did not have a written language and so storytelling is an important part of their culture. You will listen to tales from ancient times until today around the campfire. Stories about reindeer, the eight seasons and things you may sense only when you are able to live close to nature.

Guests will be invited to sample traditional meals from the Sámi kitchen. Local specialties like reindeer, moose will be prepared over an open fire in the lávvu. During the winter season, you will encounter reindeer at close quarters. To hand-feed them is a real adventure. You can learn basic skills how to throw the lasso.
